I would like to contribute to your organization as a full-stack web developer, leveraging my ability to develop E-commerce, asset management, and various web applications using readily available web frameworks. With my passion for continuous learning, I will be able to take part in empowering your team with my 5+ years of coding experience. I'm a BS EcE graduate of Pamantasan ng Lungsod ng Maynila and have been professionally active for 7 years primarily in the IT industry.

AREAS OF EXPERTISE

- Frontend: HTML, CSS
- Databases: MySQL, SQLite, MongoDB
- Scripting Languages: PHP, JavaScript
- Runtime Environment: Node.js
- Frameworks: Bootstrap, Laravel, Express.js
- SDLC Phases: Requirement Definition, Development, Test, Deploy

PROFESSIONAL EXPERIENCE

Canon Information Technologies Philippines, Inc.

Quezon City, PH

Software Engineer

Nov 2017 - May 2018

- Training gave exposure to software engineering processes such as requirements gathering, analysis and design, implementation, and testing
- Project tasks include: Management of embedded database using SQLite,
- Creation of functional specification documents, and
- Implementation of various software tests - Dev Internal Test, Installation Test, Performance Test, Load/Stress Test, Coexistence/Compatibility Test

Project/s:

- **Device Settings Configuration Management (DSC)**

Jan 2018 - May 2018

A companion software for Canon multifunctional copiers which enables users to configure the copier's settings using a Windows desktop. Environment: Windows, C#, SQLite, Wix Toolset

Standard Insurance Co., Inc.

Makati City, PH

PHP Programmer

Aug 2009 - Dec 2014

- Responsible for the development, maintenance, and user support of the company's web-based systems for use of internal management and all their branches
- Environment: all projects developed using Windows, Apache, HTML, CSS, JavaScript, PHP and MySQL

Project/s:

- **Portal** **Aug 2009 - Dec 2014**
System that tracks the online routing of employee requests (IT service and materials, office supplies and forms) from filing servicing, and approval (help desk). Uses PHPMailer
- **Travel Protect** **Aug 2009 - Dec 2014**
System used by the sales team to quote, issue travel insurance, and produce monthly reports in .csv/.xls format
- **FMV (Fair Market Value)** **Aug 2009 - Dec 2014**
Used by the tech department to encode and keep a database of the FMV of all cars based on brand, model, variant, and year for report generation and company-wide reference
- **OFW (Compulsory Insurance for Agency-Hired Migrant Workers)** **Aug 2009 - Dec 2014**
Used for the issuance, printing of form, and monitoring of travel insurance of OFWs, as a requirement for overseas employment
- **Motorcar Insurance Quotation Online** **Aug 2009 - Dec 2014**
Used to quote and issue car insurance by the company and all its branches, dealers and brokers
- **ICATS (Integrated Claims and Technical System)** **Jan 2013 - Dec 2014**
Used for online processing of insurance claims for faster turnaround time as insurance claims are handled by several departments, in the back office and in the field
- **RAPID (Responsive Appraiser of Photo Inspection Data)** **Jan 2014 - Dec 2014**
Used by field estimators to create an assessment on the amount of repairs to be done in a car accident, and upload photos of the car damage to the database

Consistel Philippines Inc.**Pasig City, PH****Project Engineer****Nov 2007 - Dec 2008**

- Contractor for Globe Telecom and Smart Communications Inc. In-Building Solutions Project
- Installation of indoor antenna systems in various buildings like SM Malls and Rockwell condos
- In charge of the project from holding preliminary surveys, attending kickoff meetings, project implementation, rectification, and acceptance by the client
- Site supervision, subcontractor scheduling and control to ensure work quality and timely delivery
- Enforces proper documentation and processes
- Ensures client/building owner satisfaction and provides reports to the internal management

PROJECT EXPERIENCE**Tuitt Coding Bootcamp****Makati City, PH****Resort du Soleil****Feb 2019**

- A hotel website that informs visitors of its amenities, types of rooms and ways to contact. With a booking section where users can input check-in/out dates, desired rooms and contact info. Also has a booking management section where the admin/user can review/cancel a booking.

- Features CRUD operations, sign-up / in / out, mobile responsive design, segregated frontend and backend environments
- Environment: Linux, Apache, HTML, CSS, Bootstrap, JavaScript, Laravel, MongoDB, Express.js, Node.js

Elephant Task

Jan 2019

- A task requisition system. A client can post a small errand (e.g. household chore, delivery, etc.) and an administrator will match that task to a service person who will then be sent to perform the task for a fee. Includes a management section to oversee all tasks, clients and employee profiles.
- Features CRUD operations, sign-up / in / out, mobile responsive design
- Environment: Linux, Apache, HTML, CSS, Bootstrap, JQuery, PHP, MySQL, Laravel

RAD Wellness

Dec 2018

- A mobile-responsive, static website for a training/mentorship company. Contains company info, ways to contact, programs offered, client testimonials, and gallery
- Environment: Linux, Apache, HTML, CSS, Bootstrap

2010 - 2014

- Development of Pest Control Service Management System (www.pestsciencecorp.com/pcsms) and Pest Control Inventory System (www.pestsciencecorp.com/pcis)
- Inventory system, proposal and contract generation, management of sales invoices and generation of various reports

EDUCATION

THREE MONTHS INTENSIVE TRAINING | Tuitt Coding Bootcamp, Makati City, Manila, PH

BACHELOR OF SCIENCE IN ELECTRONICS ENGINEERING | Pamantasan ng Lungsod ng Maynila, Intramuros, Manila, PH (Board Passer, April 2008 EcE Board Exam)

ABOUT ME

I aspire to be a well-rounded person. I love traveling - I've been to many places in the country (farthest is Tawi-Tawi) and in Asia, and took weeks-long backpacking trips of SE Asia and Europe. But I'm also very much of a homebody - I play a lot of Mobile Legends with my nephew (not on a school night) and I adore my dog. As a millennial it's a given that I consume a lot of media but in the age of streaming, I still think cable shows are essential. Also I sneak in some yoga and HIIT workouts for my fitness activity.
